GOODWOOD REVIVAL MEETING

GOODWOOD REVIVAL

The Goodwood Revival is the only historic motor race meeting to be staged entirely in a period theme, as an immersive celebration of iconic cars and fashion.

Set during the heady days of Goodwood's motorsport heyday (1948-1966) when the Make Do and Mend spirit kept clothes, cars and curiosities in circulation, Revival is a living film set: a sharply dressed crowd, a cast of icons and incredible live music. Championship drivers push priceless classic cars to their limits on the world's most exhilarating historic circuit – it's fast, loud and now powered by sustainable fuels.

Built to last and carefully restored with ownership spanning generations, many of the cars in action at Revival are one-of-a-kind. The Revival grid has seen a collective worth of £850 million. While some cars of such value and historic significance are confined to museums, at Goodwood they do what they were built to do: race. The stakes are unfathomably high as these priceless vehicles hurtle around the circuit.

Only at Goodwood can spectators get so close to these mechanical marvels, from Aston Martin project cars to lightweight Jaguar E-Types and even Ferrari 250 GTOs. Famous drivers from across the motorsport disciplines – including champions from F1, Indy, Le Mans, Touring cars and even NASCAR – come to Revival to compete and breathe new life into the history of racing.

Beyond the 160,000 people at the event, our partners are also able to reach Revival's global digital audience through Goodwood's world-class content. Revival welcomes over 550 accredited members of the press including the top lifestyle magazines, newspapers and motorsport titles.

P MEETING

REVIVE & THRIVE

Revive & Thrive brings together a community of experts and makers celebrating second-hand style, inspiring us to rethink, repair and re-wear. The Revive & Thrive stage features the hotly contested Best Dressed competition, fashion shows and a host of very special guests as well as live music and dancing. The destination for luxury pre-owned and vintage shopping, the Revive & Thrive boutiques have welcomed Hardly Ever Worn It, Turner Vintage, Inner Sanctum Vintage and a one-off revival of the iconic Notting Hill store, Virginia.

The full schedule of talks and demonstrations on the Revive & Thrive stage includes the #VintageStyleNotVintageValues series of conversations. This movement within the vintage community that encourages a more modern and inclusive approach to vintage is compéred by New York style activist, Dandy Wellington. In recent years, the Revival Style Stage has welcomed an array of fashion and cultural icons, including Dita Von Teese, David Gandy, Paula Sutton and Zandra Rhodes. Together with celebrated designers, authors, stylists and vintage experts, they have shared their stories, inspiration and timeless style with Revival audiences

Adjacent to the Revive & Thrive stage, The Restoration Yard shares interactive stories of restoring second-hand and vintage cars, motorbikes and bicycles. The highly-popular Revive & Thrive Workshop hosts specialist demonstrations, heritage craft experts and live restoration projects. Curated by Dominic Chinea, this creative hub features a variety of interactive workshops – including quilting, crochet, spinning wool, upcycling and fashion illustration, all lead by an exceptional line-up of artisans, experts and sustainability champions.

Revival partners can benefit from the association with the positive focus on sustainability and inclusivity as well as a connection with our highly engaged and open-minded audience and a cast of influencers and experts.
